Greentech Solar Services
Illuminating Tomorrow, Today

SERVING ANDHRA PRADESH & TELANGANA

Cut Your Electricity Bill by Up to 90%

Residential, commercial and industrial rooftop solar — we help you choose, install, maintain and get more from your solar investment. Your solar partner before, during and after installation.

*Actual savings depend on your roof, sunlight, electricity usage and system size — not guaranteed for every site.

ABOUT GREENTECH SOLAR

A solar partner that stays with you after installation

Greentech Solar Services is a service-oriented solar solutions company based in Labbipet, Vijayawada. We help homes, businesses and industries choose the right system, coordinate the installation and stay available afterwards for service enquiries, health checks, cleaning and warranty coordination.

> **“Solar is not just about installation. It’s about the service and support you receive afterwards.”**

OUR MISSION

More than solar sales — to stand behind our service, respond quickly and support every customer before, during and after installation.

OUR PROMISE

Quick response, reliable support and smarter solar solutions — helping you get more from your solar investment for years to come.

Powering homes across Andhra Pradesh & Telangana

WHY CHOOSE US

Why Greentech Solar Services?

- **Service-first approach**
  We stand behind our service — not just the sale.
- **Quick response to enquiries**
  A dedicated service enquiry channel keeps your request moving.
- **After-sales support**
  Health checks, cleaning and warranty coordination on request.
- **Commercial & industrial expertise**
  Systems sized for homes, businesses and factories.
- **Authorized Waaree Channel Partner**
  Professional solar solutions and support, backed by Waaree.
- **Transparent, itemised quotations**
  Equipment, installation, warranty and service terms — in one A4 document.
- **Free site visit**
  A site assessment confirms roof space, shading and wiring before the final quote.
- **One coordinated team**
  From first site visit to years of after-sales support.

THE GREENTECH SOLAR ADVANTAGE

End-to-End Management. No Middlemen.

From understanding your energy requirements to installation, system guidance and after-sales service, Greentech Solar Services helps you manage your solar journey through one service-oriented team.

OUR SERVICES

End-to-end solar services

Solar Installation

Rooftop solar planned, installed and commissioned by one coordinated team — from site assessment to handover.

Solar Maintenance & Support

After-sales support, health checks and service coordination to help your system keep performing.

Solar Panel Cleaning

Careful panel cleaning to remove dust and bird droppings that reduce generation.

Commercial & Industrial Solar

Rooftop solar for offices, shops, factories and warehouses with substantial daytime use — and dedicated support.

We also guide you through net-metering and applicable government subsidy paperwork, subject to the electricity distribution company's and MNRE process.

PRODUCTS & BRANDS

Panels, inverters and batteries — explained, not just sold

Solar Panels

Turn sunlight into DC electricity on your roof.

Solar Inverters

Convert DC from the panels into AC your building can use.

Solar Batteries

Store solar energy for backup or later use.

BRANDS WE CAN SUPPLY & INSTALL

WAAREE One with the Sun · TATA POWER SOLAR · ReNew · adani Solar · vikramsolar CREATING CLIMATE FOR CHANGE

EMMVEE · AMARON · Deye · LUMINOUS · & more on enquiry

★ Authorized Waaree Channel Partner. Other brands are available on enquiry and are not presented as authorised or official partnerships. Exact models, specifications, warranty terms and prices are confirmed in your quotation.

HOW IT WORKS

Our solar process

01 Consultation
We understand your bill, load and goals.

02 Site Assessment
Roof, shading, structure and wiring check.

03 Solar Design
Panel layout, inverter sizing and cable routing.

04 Quotation
A clear, itemised quotation for your approval.

05 Installation
Structures, panels, inverter and protection.

06 Commissioning
Testing, net-meter coordination and handover.

07 After-Sales Support
A dedicated service enquiry channel for service requests, health checks and cleaning.

Ready for a clear, itemised quotation? Equipment, installation, warranty and service terms — all in one A4 document. A site assessment confirms the final design and price.
